TLI30319 CERTIFICATE III IN **SUPPLY CHAIN OPERATIONS**

(RELEASE 1)

This course offers an insight into the importance of accurate inventory and logistical data throughout all stages of the supply chain as well as the vital role of preparation and distribution of goods. Focusing on small or large enterprise, students receive a thorough insight into how an efficient supply chain operation works, and how they can help an organisation to maintain schedules and avoid supply issues.

DELIVERY

Online through our custom learning management system. Students will be actively supported and mentored through your studies and can access our training hub for further support.

DURATION

Flexible study options with enrolments being valid for up to 12 months.

Work placement of **120 hours** is a requirement of this qualification.

EMPLOYMENT

Career Pathways within this industry include:

- Logistics Operator
- Warehouse Operator
- Admin Operator/Officer
